Bale Baron

MARCREST

TRAIL BEHIND

IN-FIELD PICKUP

SMALL BALES. BIG PRODUCTION.

The BALE BARON® from Marcrest eliminates manual handling, extra time and additional labour costs associated with producing high-demand small square bales.

By packaging up to 1000 bales per hour into bundles of 21 bales, the Bale Baron is the fastest small bale accumulator on the market. The Bale Baron bundle is the most versatile bundle size, no matter how you stack it or handle it. Optimize freight costs, whether you sell by the bale or by the ton.

Trail-behind-baler and In-field Pick-up units come in both economy and high-capacity models.

INTRODUCING THE NEW R5X

Loader Mount Straw Chopper

- New with the R5X:
- Straight-forward Hydraulic Operation
 - Larger Diameter
 - No Electric Controls Required
 - Lighter Weight

With loader-mount and self-propelled models, Picus round or square bale straw choppers deliver consistent, finely chopped bedding directly into cow stalls, pens or poultry barns. Razor-sharp knives cut and discharge in one smooth motion.

Discover the Tasco Dome *DIFFERENCE*

Tasco Dome is a world-class leader in fabric covered buildings. These robust **CSA-A660 certified steel structures** are built to stand up to the toughest elements with square tubing that is hot dipped galvanized for **superior corrosion protection**.

Steel Wind Bracing with No Cables

Steel braces work in both directions, providing a strong and reliable support system.

Hot Dipped Galvanized

Hot dipped galvanized inside and out for superior corrosion protection.

Engineered Trussed Arches

Engineered trussed arches support much heavier loads than single-tube arches.

 **15 Year Prorated Warranty**
Our durable 12oz high-density polyethylene fabric comes with a 15 year prorated warranty on standard fabric options.

I HELP FARMERS GET FARM LOANS

My name's Andre Ouimet. My grandpa was an apple farmer. One season he had a bad harvest. The bank he was loyal to for years turned its back on him. He lost the farm and moved our family to the city. To this day, my dad still chokes up as he tells the story of how the bank seized our ancestral home. I know how hard farmers work. I know how hard my grandpa worked. It was NOT his fault. He needed a temporary helping hand and no one was there to help him. Because of my family history, I wanted to do something to help farmers, so I became a licensed Mortgage Agent with

EXPERT MORTGAGE. Now I can help farmers **ACROSS ONTARIO.** I can access other lenders as well as bank lenders. I specialize in agricultural lending. I have over 300 private lenders as well as bank lenders to talk to for your mortgage needs.

Even if you have BAD CREDIT & NO PROOF OF INCOME, I can still help you

I REPRESENT OVER 300 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even with:**

- Horrible Credit
- Mortgage Arrears
- Self-Employed
- Bankruptcy
- Property Tax Arrears
- Pension & Disability
- Unemployed
- Power of Sale

FARM OWNERS!

Call NOW for FAST, EASY CASH!

CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 300 lenders at my disposal I can get you a mortgage even with...

- Bad credit
- Poor cashflow
- Power of sale
- Mortgage arrears
- Tax arrears
- No financials

Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Coming from a farm family, I understand the farming community.

Send me a question online at www.iHelpFarmers.ca

or email me at

andre.ouimet@expertmortgagebroker.com

Talk to me if you'd like to...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts

I can offer qualified farmers...

- Up to 75% of full farm value
- Up to 30 year amortization
- Operating lines of credit

CALL ANDRE NOW to put your mind at ease

1-888-982-7954

Call me 7 DAYS A WEEK for a confidential consultation

Take the Farms.com Risk Management Ontario Planting Intentions Survey!

WIN CASH!

By completing the survey, your name will be entered into a random draw for one of 3 cash prizes:
\$100 \$200 \$300

What does 2023 hold for Ontario Farmers? Curious to get some insight into what other farmers are planting this year in Ontario? Farmers from across Ontario are invited to complete this quick and easy Farms.com Risk Management Planting Intentions Survey.

It's quick and simple - but interesting! It will take less than 5 minutes of your time - but it will provide you with information that could help you better anticipate your commodity risk at harvest!

Farms.com Risk Management will share the overall data and their risk management analysis with everyone who participates in the survey.*

**only aggregate data will be shared, specific farm/farmer information will remain confidential*

COMPLETE THE SURVEY TODAY!

Hay Handler

HAY HANDLER INFO
& SALES CALL LLOYD
519-335-4135

You already know how weather-dependent making premium hay can be. It's the Hay Handler's job to work on your side, making the most of the haying windows the weather permits you. With it, you can merge invert, fluff or windrow your cut swaths.

But what sets the Hay Handler apart is the ease with which it handles hay pickup. With it, you can pick up a 10' wide swath of hay that has been laid out by your discbine and reduce its drying time. With the hay handler, you can mow in the morning and do haylage in the evening.

HFL FABRICATING

BIOMASS BUILDER

The Biomass Builder Row unit provides an economical way to add cover crops to your side dress application, for a timely, consistent emergence of your cover crops. It is also being used in relay cropping of wheat and soybeans.

Typical 28% application with coulters and knife. Change 28% knife to a dry fertilizer knife or to a 3rd row of cover crop. 2 or 3 rows of cover crop at changeable row widths. Adjustable depth control. Press wheels to preserve moisture in the summer. 30" clearance height.

■ Various applications: ex. strip till freshening. ■ Relay Cropping wheat and soybeans.

BUILT FOR VERSATILITY

McCORMICK X5 SERIES. UNMATCHED UTILITY.

Built for versatility, these tractors excel in operations such as hay, livestock, small-scale crop production, specialty applications, loader work, and all around utility projects. Built in-house by McCormick and boasting up to 113 horsepower, the X5 series is set to make a statement in the agriculture equipment market.

HARVESTING

COMBINES

6010

GEARCASE COVER

Fits all John Deere Combines made from 1989 models 9000 to current s700 with open vertical unloading gearcases. When new the gearcase housing is open to dirt.

Causing noise, vibration, premature gear wear and components coming loose as well as cracks to structural housings.

This cover when installed covers and retains 4 tubes of corn head grease to continually lubricate moving components. Decreasing noise and wear gears.
